—ORDERS SOLICITED—

KANSAS SCOTT.

The Great Annihilator of all Old Principles

Makes a Speech at the Court House and Falls to Get Up Much Enthusiasm.

So much had been heard of Calamity Scott, of Kansas, that many Clarksville people turned out this morning to hear him. There were not over two hundred people in the court-house when he began his speech and half of that number were straight Democrats who had gone out just to hear what he would say. If there was any man who had an idea that Scott was an orator he was badly fooled when he heard him to-day. There is nothing about the man that would pronounce him a drawing card. He has few of the elements of the stump speaker, or campaign orator. He is a man about thirty-five years of age. He has a heavy coat of thick black hair, that is not exactly black, yet that is what one would denominate its color. He wears a mustache but no whiskers, and has a rather florid complexion, which does not harmonize to any great extent with his hair and mustache. He carries about with him that nasal twang peculiar to the Kansan and says "revenue." He is a full blooded yankee, and his general get up leads one to believe that he is in his present position because he can't get anywhere else, or has been driven to his present condition by disappointment in political ways. His speech contained nothing new. It was the stereotyped Third party speech that has been spoken all over the State, and was leveled at both the Democratic and Republican parties. He is about as hard on one of the old parties as he is on the other. It was encouraging, however, to note that the only people who applauded Scott were a little bunch that had secured chairs immediately to his right, and who have been recognized for some time as the backbone of the Third party in this county. There were only about a dozen of these, and they seemed to enjoy making the welkin ring at the wrong place every time. Mr. Scott spoke about one hour and a half, confining his remarks, as stated above, to the legislation of both the Democratic and Republican parties.

THE BUILDING OUTLOOK.

Clarksville Contractors Hard Pushed to Keep Up With Orders.

The fact that Clarksville builders are just now hard pushed to keep up with their orders is a very encouraging sign of the times. A LEAF-CHRONICLE reporter had a short talk last night with H. W. Ritter, of the Sewanee Planing Mills. Although it was then getting late in the night, he was rushing along the street with a bundle of plans in his hand on the way to keep an appointment with a customer. He said that at no previous time since his connection with the business had his firm had more contracts on hand than at present. These embrace a number of very handsome residences for Clarksville people, also several at points near here. This doesn't look like hard times. The fact of the business is, there is every prospect of a revival all along the line this fall. It is true money is a little tight at present, but there have been immense crops raised, and that means increased prosperity. Verily we abide in a land of plenty.

There has been a continued tendency to howl disease here this season, says G. W. Shively, druggist, Wickliffe, Ky., "and an unusual demand for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have sold four bottles of it this morning. Some remarkable cures have been effected by it and in all cases it has proved successful." For sale by Owen & Moore, Druggists.

POLITICAL GATHERING.

Something Big in Davidson County For To-morrow Night.

NASHVILLE, Sept. 23.—The biggest political gathering of the canvass will be held here to-morrow night at Broad street Amusement Hall. The speakers will be Judge Turney, Ex-Gov. Taylor and Col. Josiah Patterson. The Democracy of Davidson county is aroused and is for victory in November.

Clear Out of Sight.

The game of ball at the park here last evening between the colored club of Springfield and Clarksville resulted in a victory for the home team in a score of 37 to 11.

The best ladies' underwear, 50c. a garment, ever sold in the city for the price at Howerton & Macrae's. Age four to ten years. Respectfully, sep21,d&aw Mrs. ROSEFIELD.

THE REGISTRATION BOOKS.

Only One Set Allowed and They are at the Court-house

To be doubly sure, and to avoid any further trouble about the registration matter, Messrs. Warfield and Ledbetter, the registration commissioners for this district, agreed last evening to submit the law to a committee of lawyers, and have a decision from them as to the number of registration books required. This committee consisted of H. C. Merritt, H. N. Leach, R. H. Burney, C. H. Bailey and W. M. Daniel. They examined the law and decided that the district was entitled to only one set of books and two registrars. Accordingly there is only one set open to-day and they are at the court-house. The registrars are Wiley J. Smith and Julien Ratcliffe. They have only eight days in which to make the registration, therefore they will have to issue something like 200 certificates per day to get through. Now, let every Democrat in the district register promptly.

UN SOUND TEACHING.

Charges Preferred Against a Teacher in Lane Seminary.

It is Said That His Teaching on Biblical Scholarships and Inspiration is Not Right.

Special to the Leaf-Chronicle.

CINCINNATI, Sept. 23.—The Presbytery of Cincinnati has decided to issue judicial proceedings against Prof. H. P. Smith, of Lane Seminary, for unsound teaching on Biblical scholarship and inspiration.

The vote stood 42 to 16 in favor of the action.

Some of the members of the Presbytery who took part in the debate expressed great regret for the necessity of a trial. The case will be opened in the First Presbyterian church in this city Oct. 17. The committee of prosecution are: Rev. Wm. McKibbin, D. D., Rev. F. O. Lowe and Elder D. H. Shields.

The case will cause considerable interest throughout the church.

There was a strenuous effort made by Dr. Riggs to save Prof. Smith from the embarrassment of a trial. He introduced a resolution allowing Mr. Smith his former standing on condition that he would relinquish his obnoxious ideas and withdraw his pamphlet from circulation.

This proposition received little favor for the stated reason that Mr. Smith showed no inclination to favor such a measure. The resolution was voted down.

Those who voted against the appointment of a committee to formulate charges are not necessarily in favor of Mr. Smith's views—they for the most part supposed that the matter could be settled by some other means.

Mile's Nerve and Liver Pills.

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, children. Smallest, mildest, surest, 50 doses, 25 cts. Samples free at Owen & Moore's.

Christian County Tobacco.

The South Kentuckian sizes the Christian county tobacco crop up as follows:

Some farmers estimate that one half of the tobacco crop in the county is cut, while others place the figures at less. There has been a wonderful development in the crop in the past few weeks and it now looks as if it will equal that of the last year. There are very few worm eaten leaves and that cut was allowed to ripen thoroughly before being taken from the hill. A great deal of the crop was put out very late and that portion is just now beginning to develop and thicken. If an early frost does not catch the later growth the farmers will round up with an average crop.

The demand for Chamberlain's Colic Cholera and Diarrhoea cure is steadily growing, from the fact that all who give it a trial are pleased with the results and recommend it to their neighbors. We feel sure that the remedy cannot be recommended too highly.—WAGELY & SWEAD, Druggists, Newton, Iowa. For sale by Owen & Moore, Druggists.

Battle Biliousness, besigue Malaria, break up Chills with C. C. C. Certain Chill Cure, the pleasant remedy. No cure, no pay. Sold by Owen & Moore.

Ladies, bring your little girls and get them a nice little jacket reader. Age four to ten years. Respectfully, sep21,d&aw Mrs. ROSEFIELD.

BALL AND BAT.

Clarksville Boys Badly Treated at Russellville.

They Win the Game Fairly, But it is Taken From Them by a Dishonest Umpire.

The Clarksville boys will hardly go to Russellville again to play ball. When they were there the first time they received very unfair treatment at the hands of the Russellville baseballists, but it was nothing compared with the treatment given them yesterday. The home team are not professional ball players, neither are they professional kickers. They play an honest game and think they should receive honest treatment when they go to a neighboring city to play a game for pastime. They left here yesterday, knowing full well that the chances would be against them at Russellville. When they got on the train here at the depot they met a Memphis battery that was en route to Louisville. They engaged this battery to play the game with Russellville. The pitcher proved a terror, and the official score shows twenty-one men struck out by him in succession. In fact Russellville did not get a man to second base until the ninth inning. In this inning, by rotten umpiring, they were given two scores. Clarksville already had two made in the sixth and in her half of the eighth made another, which was put on the score board in full view of the crowd from the grand stand. This score was fairly made and remained on the board until it became evident that Clarksville had won the game. Then, however, the manager of the Russellville team went to his brother, who was umpiring the game, and had him to rub the score off made in the eighth inning, simply stealing it. This work resulted in making the game a tie, and notwithstanding the vigorous kicking done by the home team and hisses from the stand, it was taken. Then the Clarksville boys were ordered into the tenth inning, and of course were given no chance by the umpire. His decisions were so grossly unjust that some of the Guthrie boys who were playing with them emphatically told them that they would never assist Russellville in another game. By giving Russellville everything and Clarksville nothing, the game resulted in a score of 6 to 2 in favor of the former. Clarksville boys are done with Russellville. They openly assert that the game was stolen, and that they will consider nothing in the shape of a proposition to play ball with them again, unless it is understood that a Clarksville man umpires the game.

ITEMS OF INTEREST.

Some Things That Have Happened Recently in Hopkinsville.

The following news items are clipped from the Hopkinsville Independent of this morning:

At the elegant home of Mr. Wm. Jesup, near Fairview, a delightful dance was participated in by a large number of guests last evening. Several young gentlemen from this city attended. The affair was complimentary to John and Elliott Barker, of New York. * * * W. E. Embury, of the Howell neighborhood, had the misfortune to lose a large barn and its contents by fire Tuesday. Mr. Embury's entire crop of tobacco, which he was firing, was lost along with many valuable farm implements. The total loss was about \$700. * * * Just as we go to press, the distressing news reaches us of the sad death of Miss Lucy McDaniel, after a lingering illness of several months. Miss McDaniel was one of the purest, noblest of girls, a favorite with all who knew her. She was a consistent and conscientious christian, and died in the happy assurance of a heavenly home. A large circle of friends mingle regret and sympathy with the poignant grief of her family.

The Forthcoming Concert.

The ladies of the Catholic church have engaged the services of Prof. Emery in the presentation of a grand musical concert on the evening of Friday, the 30th, inst. It is hoped every seat will be taken. It promises to be a success in every way. Everybody knows that when Prof. Emery undertakes anything in the musical line it will be done in the most approved manner. The object of this concert is to raise funds sufficient to pay for the new pews with which the church is now supplied. Tickets for this concert are being sold for 50 cents apiece. The LEAF-CHRONICLE has been requested to ask a generous public to invest in them, and it doubts not that the concert will be largely attended.

500 mills, 50 cents, 3 pawns, 5 times or four bits buy a bottle of Dr. Mendenhall's Ague Cure the chill and fever killer. No taste. Sold by Owen & Moore.

THE POLITICAL FIELD.

Judge Tyler, chairman of the County Executive Committee, has authorized the LEAF-CHRONICLE to state that the challenge by Mr. Scott for a joint debate here the last of the month will be accepted, under rules governing political debates. It might be well to state at the outset, that Mr. Scott will not be allowed to name all the terms, nor is it certain that either of the men Scott mentioned in his letter can be secured for the day he has picked. This, however, need not worry the Third party champion, as there are plenty of good Democrats who will meet him.

The LEAF-CHRONICLE unconditionally endorses the following from the Cadiz Telephone:

"Let the old men, the young men, and all men of the untainted Democratic party, come out and vote the Democratic ticket straight at the next election, and then it cannot be said that Trigg county people favor Harrison and his force bill, and his robber tariff. No, Democrats, do not let rain, sleet, snow or pitchforks keep any of you away from the polls that day. If you do, something bad sure enough will be the penalty. We must maintain our principles, and with it our freedom and inalienable rights."

To-morrow there will be the usual wool-pulling game at the court-house, which under another name, is called a Republican convention. It has been called to nominate a candidate for the Legislature, and the State has already been fixed. This fact, however, will not stop a row.

Several members of the Young Men's Democratic Club will go to Ringgold to-night for the purpose of organizing a club there. The work of organizing the county is going on with much vigor.

REV. SAM JONES

Consents to Hold a Meeting in Clarksville in November.

He Will Come Under the Auspices of the Young Men's Christian Association, November 6.

The Directors of the Y. M. C. A. held an interesting meeting at the Association rooms last night. For some time the secretary has been corresponding with Rev. Sam P. Jones, in an effort to have the renowned evangelist come to Clarksville and hold a meeting under the auspices of the Association. Mr. Jones has at last consented to come, and will begin a meeting here November 6, continuing ten days.

It has not yet been decided where Mr. Jones will hold the meeting, but an effort will be made to secure the Gracery warehouse, on Third street for the purpose. This would be an excellent place, and it is more than likely that it will be secured, as by that time it will have but very little tobacco in it.

There has been a desire among the people for some time to have Mr. Jones hold a meeting here, and the announcement of his coming will be hailed with delight.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason, of Chillicothe, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This medicine can always be depended upon, even in the most severe and dangerous cases, both for children and adults. 25 and 50 cent bottles for sale by Owen & Moore, Druggists.

OPERA HOUSE Y FRIDAY NIGHT.

"Senator Sherman Renews His Attack."

Senator Sherman renewed his attack and refused to be convinced even by the oratory of the Iowa Senator. He wanted the Senate to do the straightforward thing, and not fiddle about it.

"Give the Fair \$5,000,000, and do not make believe that you are deceiving yourselves in giving it a 70-cent silver dollar, or two 55-cent half-dollars." If the children cry for it, as the Senator has said they did, "Why not give them Castoria?" said Sherman. He knew that it was a popular thing with the little ones, more popular he thought than even the souvenir half-dollars would be. The galleries looked down in surprise as these remarks came from Sherman, and Congressmen who entered the chamber just as Mr. Sherman uttered them, dropped into the vacant chairs nearest the door.

Bad drainage causes much sickness, and bad blood and improper action of the liver and kidneys is bad drainage to the human system, which Burdock Blood Bitters remedy. Sold by Tudhope Drug Company.

Do not punish your children with bitter, nauseous mixtures when you can get "C. C. C. Certain Chill Cure" on a guarantee. Any child will take it. Sold by Owen & Moore.

A REJECTED LOVER

Plunges a Knife Into the Heart of His Sweetheart.

A Terrible Crime Committed Near Covington, Ky.—The Murderer at Large at the Present.

Special to the Leaf-Chronicle.

CINCINNATI, Sept. 23.—A terrible crime was committed Wednesday afternoon on the farm of Allen Cain, a few miles south of Covington.

A rejected lover plunged a knife into the breast of his sweetheart and stabbed her mother while she was holding the dying form.

Arthur Watson, the murderer, is at large, pursued by a determined posse of men.

The dead girl is Miss Amanda Cain, the beautiful 15-year-old daughter of Allen Cain.

Watson had been paying unwelcome attention to the young lady for some time and had been refused the house by her parents.

Wednesday evening he came near the house and called the girl to him. Under the direction of her mother she refused.

Quick as a flash he was at the young lady's side, and as she turned to run he buried the blade of a big clasp knife in her breast as far as the handle.

Wrenching it from the wound, while it was still dripping with the blood of the daughter, he plunged it into the mother's breast while she was trying to support the body of her dying daughter.

Owing to the interference of a pet dog, which leaped upon the murderer, he was prevented from finishing the bloody work and causing a second death.

As it is, Mrs. Cain is in a dangerous condition.

The news of the murder spread like wildfire, but it is feared that Watson will elude his pursuers. He is 22 years old and the son of George Watson.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Grafton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated into consumption. Four doctors gave me up, saying I could not live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at Owen & Moore's Drug Store, regular size, 50 cents and \$1.

Clarksville Tobacco Market.

Our receipts are small, being mainly shipments from other and river markets. The sales for the week will be nearly 600 hogheads—the market being active and sellers being disposed to close out their holdings. The crop in the field is being rapidly cut and will no doubt all reach the barn before there is danger of frost.

We quote:

Common lugs	3 50c @ 4 25
Medium lugs	4 50c @ 5 00
Good lugs	5 25c @ 5 75
Fine lugs	6 00c @ 6 50
Common leaf	5 00c @ 5 25
Medium leaf	5 50c @ 5 75
Good leaf	6 00c @ 6 25
Fine leaf	6 50c @ 7 00
Selections	7 00c @ 7 25
